**Survey Title:** Proposal on the Federation of Hugh Myddelton Primary School and Winton Primary School

## Responses By Question Analysis:

**1.** Please let us know what you think by selecting one of the following statements:

**2.** What benefits do you think the new federation will provide?

1. The ability for two organisations to continue to excel and work together for pupils, staff and the community
2. better resources and more efficient spending
3. The sharing of resources will lead to better quality provision, especially for non core subjects.
4. More good opportunities for children.
5. Inter alia, it should hopefully avoid duplication of effort between the Schools and will give the Federated body greater strength which will enable better bargaining power when purchasing services potentially and will potentially lead to more opportunities for the existing staff in terms of career progression and may well make the school more attractive not only to new staff thus assisting in recruitment but also to new pupils in the area. It should also lead to greater opportunities for the pupils and to improve their learning experiences.
6. The federation should allow both schools to continue to deliver improved outcomes
7. Security in the challenging political and economic climate.
