**CITY UNIVERSITY
LONDON**

Year 6 had an amazing day at City University, learning all about Engineering. We were lucky enough to be taken on a tour of the University and the Engineering department. We saw Flight simulators, hydraulic presses, supersonic wind tunnels and much more! The children were then given a challenge to create a structure using what they had learned from Civil Engineer Jeremy King that was big enough for all of them to fit inside.

The real challenge was that they were only allowed to use newspaper and cable ties. Needless to say the kids completed the challenge!

Mr.Garrood

Meet our new Winton friends...

Seven children are killed or seriously injured on Britain's roads every day.

Thank you for supporting the school by continuing to not double park.

Science Trips!

Year 3 have been to the Science Museum to support their learning about forces.
Year 4 have been to the Benjamin Franklin Museum during the Electricity topic and the museum also came to visit them.

DO YOU WANT TO PUT YOUR BRICK BUILDING SKILLS TO THE ULTIMATE TEST?
