

### Winton News

Dear Winton Families,  
Sorry for the delay in sending the Winton Weekly.  
Last week's stars are:

This week's stars are:

DoodleMaths is an award winning app that supports children to make rapid progress in maths.

Pupils who use DoodleMaths were found to be 4x less likely to suffer learning loss.

### A bit more information: **Rapidly accelerating children's progress in maths**

DoodleMaths is an easy-to-use and engaging maths app for children ages 4-14.

DoodleMaths' adaptive learning engine recognises and adapts to your child's strengths and weaknesses while working through quick and engaging maths skills.

When your child first starts using the app, he or she completes a number of exercises. With every question answered, DoodleMaths learns more about your child's maths understanding and builds a personalised work program to develop your child's math skills from beginning concepts to pre-algebra.

Children are motivated by earning DoodleStars which can be used to buy accessories for their avatar.

As the parent, you can track your child's progress using the Parent Dashboard with reports that show how much work a child has done in the last week and analytics that will highlight their particular strengths and weaknesses. You can also see what your child has been practising in DoodleMaths and even see them answer questions in real time - meaning you can keep an eye on them without staring over their shoulder!

The DoodleMaths app runs Apple/iOS or Android devices, online or offline – so your child can use DoodleMaths anytime and anywhere. It also works on PCs and Macs, too!

**For all Islington Parents there is a 20% discount using the code KP20.**
