

Be Internet Legends.

Dear Winton Families,

We had a fantastic assembly today for Year 3,4,5, and 6 by Google: Be Internet Legends The assembly taught the children about **five internet safety pillars** designed to give them the skills and behaviours they need to have a positive time online: staying **Sharp** about what they share, being **Alert** to scams, keeping personal information **Secure** with strong passwords, being **Kind** to others and being **Brave** by talking to trusted adults when they come across anything they're unsure about.

- Think Before You Share**
I will thoughtfully consider what I share and with whom, and keep extra-sensitive information to myself (such as my home address, current location, or other people's business).
- Check it's For Real**
I will watch out for phishing and scams, and report questionable activity every time.
- Protect Your Stuff**
I will take responsibility for protecting important information by crafting strong and unique passwords with characters, numbers, and symbols.
- Respect Each Other**
I will spread positivity and use the skills I have learned to block and report negative behaviours.
- When in Doubt, Discuss**
I will use my voice when I notice inappropriate behavior and seek out a trusted adult to discuss situations that make me uncomfortable. Because that's what it takes to be a safe and fearless explorer of the online world.
