

Dear Winton Families,

I understand that many of you will be very concerned and anxious regarding the Covid-19 virus and how it may affect your child. We continue to take every precaution necessary to ensure the safety and well-being of our children.

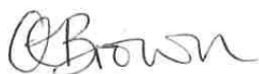

We receive regular updates from Public Health England, the Department for Education and the local authority and follow their advice and guidance closely. Our staff team meets regularly to keep fully informed and we are working extremely hard to keep all of our children safe. Our cleaning routines continue to be rigorous and we are encouraging the children to regularly wash their hands throughout the school day.

We also ask that parents use sensible judgements and follow NHS advice that anyone with a **new continuous cough** or **high temperature** should self-isolate for 7 days as a precaution to ensure they do not infect other members of our school community.

As a further precaution, we have decided to **postpone** Early Years Science morning and also Parents' Evening and we will keep you updated with any further changes as necessary.

Thank you for your continued cooperation and support.

Best wishes

Claire Brown
Headteacher
