Dear Winton Families,

We are delighted to announce that for the second year running we are in the top 100 schools in the UK (there are approximately 21 000 schools in the UK).

Last year we were ranked 89th and this year we are **82nd**.

The Parent Power Schools Guide identifies the highest-achieving schools in the UK.

flu: 5 reasons to vaccinate your child

- 1. Protect your child.** The vaccine will help protect your child against flu and serious complications such as bronchitis and pneumonia
- 2. Protect you, your family and friends.** Vaccinating your child will help protect more vulnerable family and friends
- 3. No injection needed.** The nasal spray is painless and easy to have
- 4. It's better than having flu.** The nasal spray helps protect against flu, has been given to millions of children worldwide and has an excellent safety record
- 5. Avoid costs.** If your child gets flu, you may have to take time off work or arrange alternative childcare

What should I do?

Contact your child's GP if your child was aged two or three years old (on the 31 August of the current flu season) and you haven't heard from them by early November.

If your child is at primary school or in year 7 of secondary school, the school will send you a leaflet and consent form. Please sign the form and return it.

If your child has a health condition that puts them at greater risk from flu, or lives with someone on the NHS Shielded Patient List, they can get the flu vaccine from their GP.

For more information visit www.nhs.uk/child-flu

Thank you to everyone who has sent back the flu vaccination form.

If you would like your child to have the immunisation, we have some spare forms at the office.

The immunisation team are attending Winton on **Monday 30th November.**

About our cause

Winton Primary school is in the heart of London, with government cut backs we need your support urgently. Our aim is to enable the school to have better resources, improve the children's primary school experience and generate future opportunities. A large number of our children come from homes with low incomes as well as complex family circumstances which provide certain challenges. Help us deliver quality education by supporting us.

COVID-19 Advice

The most common symptoms of coronavirus (COVID-19) are recent onset of any of the following:

- a new continuous cough
- a high temperature
- a loss of, or change in, your normal sense of taste or smell (anosmia)

For most people, coronavirus (COVID-19) will be a mild illness. However, if you have any of the symptoms above you should self-isolate at home and get tested

[Stay at Home Guidance](#)

If you feel you cannot cope with your symptoms at home or your condition gets worse, please visit: <https://111.nhs.uk/covid-19>. If you cannot get help online, please call 111.

You can now ask for a test:

- for yourself, if you have coronavirus symptoms now (a new continuous cough, a high temperature, or a loss of, or change in, your normal sense of taste or smell)
- for someone you live with, if they have coronavirus symptoms

The poster is titled 'TIER 2 HIGH ALERT' and is dated 'FROM 2 DEC'. It is issued by the HM Government and NHS. The poster is divided into a grid of categories, each with an icon and a brief description of the rules for that category. At the bottom, there are two boxes: 'Find out what support you can get' and 'If you have any coronavirus symptoms:'. The poster also includes the website 'gov.uk/coronavirus' and icons for 'HANDS', 'FACE', and 'SPACE'.
